

If you are searching for a conventional and beautifully designed uPVC Window coupled with reinforced, thermally efficient double glazing, our Sliding Sash Windows are perfect. We are so pleased with professional work carried out by Newlite. If you live in a conservation area or in a listed building then you may be restricted to what styles you're allowed to choose. Look out for the official energy rating on all of our energy efficient windows. The elegant Charisma sash window enhances your home with a highly secure, low maintenance and exceptional functionality design that brings you a whole host of incredible benefits. This ensures they keep the classic look of wood internally, but are resistant to weather conditions and require virtually no maintenance externally.

Strong, thermally efficient frames are finished in a choice of woodgrain textures and colours. Our selection of sash window profiles is rigid and high performing due to their extra thick and robust Halo profile. With modern sliding sash windows there are a range of security features that can be added to them to make sure your home is protected the best it can be. Our uPVC sash windows are manufactured using only materials that can be completely recycled. It is hard to say what the best type of window is but [sash windows](#) are my favourite.

Timber Sash Windows design changed over the years. A double-hung sash window has an upper and lower sash that move up and down. There are so many window designs that homeowners should consider when looking at replacement windows. This helps to prevent issues like trapped fingers, making these windows a safer option for family homes. Anglian Elite uPVC sash windows are designed to replicate the look of traditional Victorian sash windows. Replicating heritage design in conservation areas is a good approach when designing [timber casement windows](#) for the discerning customer.

WHAT IS A SASH WINDOW? Installation of new windows and front door was well done. For more information about building regulations for doors you can read [here](#). They are one of the easiest styles of window to use, with no complicated systems or mechanisms required to learn. As well as sliding, they tilt for easy cleaning, although uPVC has the advantage of needing little or no maintenance. Floor-length curtains are probably some of the most versatile of window dressings for the [casement windows](#) in your home.

As with all UPVC windows, there is very little maintenance required to keep the unit in top condition. We have used them a number of times and find the service and workmanship excellent. Many people do not realise that when being restored, traditional sash windows can actually be double glazed without negatively affecting their appearance. Accoya wood is the leading high-technology wood. Like timber sash windows, today's uPVC sash windows work using a mechanism concealed in the frame. A friendly, reliable approach to customer service with highly experienced knowledgeable staff is needed when buying [wooden sash windows](#) for your home.

Choose from our optional extras to make your sash window precisely the way you want. Each of which will add a different touch to your home and make it look even more individual than your neighbours. Sash windows will have a glazed area that is made up of smaller panes held together by glazing bars. Our office is still OPEN and BUSINESS REMAINS AS NORMAL. Alan knew exactly what we wanted and provided a sleek, affordable solution - much better than I anticipated. Many people find it hard to dress their [new sash windows](#)

appropriately, not wanting to obscure them whilst still needing the privacy that window dressings afford.

Originally, they wouldnt have an outward swing but modern examples tend to tilt in and out to make cleaning easier. This enhances the slim-line appearance and gives the windows their name. Due to its strong INSULATION FEATURES , the uPVC sliding sash window reduces the energy bills of your household. Some are CERTASS registered which is a FENSA equivalent and in my professional opinion, a better option than FENSA.
