15.08.2017 0183 32 Super dates seem like a great idea and I m sure there are some people for whom they worked out. At the same time, in general, the slow gradual easing into a relationship is a better and more mature way of dealing with things than such an intense experience. Chapter 1. Chapter Text. Kara Danvers bit her lip as she knocked on the front door of her dear friend Lena Luthor s home. As she waited for a reply she again wondered why her friend didn t live in one of the many mansions her family owned. Was it to be closer to the city, or had some of her funds been seized ever since her stepbrother, or now ...
