Death Star Tycoon Codes (Available)

Here's a look at a list of all the currently available codes:

- **SAVETHEFLEET** - Redeem for the Supremacy ship. You will need to upgrade the ship side of your Death Star until you get the curved floor portion available to you. Once you upgrade that you will be able to input this code to get access to the Supremacy ship!
- **THENOBTWEETS** - Redeem for the Auto-Collect Bird. This will auto-collect money from the core, so you no longer have to click it over and over to collect money. You will really want to get this early in the game.
- **BLUEBIRD2020** - Redeem for the Bird Nest Dropper. You get this eventually in the dropper room area. You'll need the second conveyor belt, and a white circle on the ground will say Bird Nest Dropper [CODE]. Once you have that you can enter this code in to receive the dropper.

How-to Redeem Codes in Death Star Tycoon

If you want to redeem codes in Death Star Tycoon, it's a bit of a weird process. You need to upgrade your Death Star enough to unlock the ability to use certain codes. You'll need to upgrade your core battery that outputs money until it gives you a white pad to walk in that says you can redeem a code. Use **THENOBTWEETS** for that one to get the auto-collection. Once you start upgrading your droppers (which is what you should start buying immediately), you'll eventually get the option to redeem **BLUEBIRD2020** for the free dropper.
