## How-to Redeem Codes in Bomb Simulator

---

If you want to redeem codes in Bomb Simulator it's a fairly simple process. When you open up the game, look for the Settings option on the side of your screen. Click on that and you should see a green button at the top of the menu that says Codes. Hit that button and then copy one of the codes from our list. Paste the code into the text box and hit the Enter button to receive the reward!

## Playing Bomb Simulator

---

This is a fairly standard simulator game where you're looking to collect various currency and upgrade your character. There's some new little things to do with the hat system. You can equip certain items that will increase your damage and attack speed. These are pretty critical to leveling up fast, so if you find a good hat, make sure you equip it. Pets upgrade your run speed and hat boosts, so these are also important to have equipped.
