How-to Redeem Codes in Bad Business

Redeeming your codes in Bad Business is a very simple process! On the main menu you will see four buttons with icons on them and one of them looks like a present. Press that button and you will get the following pop-up:

Click on the area labeled "Enter code..." and input one of the codes from below. Once you've got it entered in correctly, you'll just need to hit the Redeem button and then you'll receive the reward!

What To Do With the Cosmetics

Most of these codes will get you charms which hang off of your guns. These are just cosmetic mostly, but they feature a custom image and some numbers underneath. You can press the T key on your keyboard which will show off your weapon and you can take a look at the charm.
