## ACTIVITY REPORT SEPTEMBER, 2018

Erasmus+

# PRESENTATION OF THE PROJECT IN THE SCHOOL COMMUNITY

**In September, at the first meeting of the Board of Directors, Núria Ramon, the School Director, presented the objectives, the planning of the activities and the selection procedure for the project team with the title "Once upon a time... the SEA, funded by the European Union through the Erasmus+ program, which will run from September 1st, 2018 to August 31st, 2020. At the end of the month, the Erasmus team organized meetings with the families of the students, during which it presented the ways of involving their children in the project activities.**

Erasmus+

## ERASMUS + CORNER and ERASMUS + Workshop

In September, the corner of Erasmus + and the workshop "Art for Erasmus +" were created, as spaces for presenting the partners from the 4 countries and exposing the achievements obtained after carrying out the activities provided in the implementation plan. Particular emphasis was placed on dissemination activity.

Erasmus+

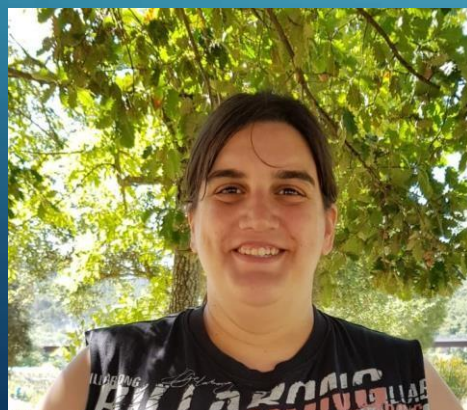

# ERASMUS + TEAM

The project team established the responsibilities, discussed and planned the implementation strategies for the period 2018-2020. We managed to exchange e-mail addresses between a group of school students and those from partner schools, in order to collaborate in carrying out the proposed activities.

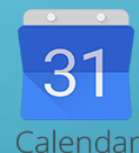

Particular importance was given to the content of ICT lessons, which were focused on the project objectives to work with modern tools in the development of activities.

The global program of works (Catalan, Mathematics and Science) has improved the topics related to Geography, Environmental Education and marine flora and fauna.
