CLOSER TO OUR SEA

- European marine environmental policies -

The students gathering information on European Marine Policies and selecting the most relevant ones in order to realize a power point material and made them known within a thematic online symposium, which was an opportunity for participants in all partner schools to exchange information on legislation, action plans that countries are implementing against marine pollution.

The conclusions highlighted that the EU is campaigning for the cleaning and protection of coastal areas, of the seas and oceans and their exploitation in a sustainable way.

Preparing the participants for the LTT activities that will take place in Romania (May 13-16, 2019)
